

QUALCOMM®

This is where mobility's future intersects with yours.

You and mobile technology have something in common. You're both going places that can change the world for the better and help bring the future here faster. And we think Qualcomm is the perfect place for you two to meet.

Qualcomm at Georgia Tech Women In Engineering

Tuesday, September 23, 2014

6:00 PM – 7:30 PM

Marcus NanoTechnology Bldg., Room: 1116 –1118

Engineering and Technology are the last areas where there is still a huge gender imbalance in the workplace. However, it does not have to be that way!

Qualcomm will be hosting a “Women in Engineering” discussion where experienced Qualcomm Engineers and Qualcomm / Georgia Tech Interns discuss their experiences as engineers in a male dominated field.

Hear from these talented engineers what it takes to be successful and thrive as “Women In Engineering”.

Interested, please **RSVP to vancea@qualcomm.com** by no later than, Thursday, September 17th, food available for first 100 respondents.

Qualcomm is hiring - summer 2015 opportunities!

Hardware Engineering Internship 2015 (T1928050)

Software Engineering Internship 2015 (T1928053)

System Engineering Internship 2015 (T1928054)
