### **About Citi**

200 million customer accounts, 160 countries, 1 vision. Citi provides consumers, corporations, governments and institutions with a broad range of financial products and services, including consumer banking and credit, corporate and investment banking, securities brokerage, transaction services and wealth management.

### **About the Program**

The Technology Leadership Program attracts and develops a high quality, diverse talent pipeline for critical positions across Global Consumer Technology (GCT). This structured two-year rotational program is comprised of challenging work assignments, active sponsorship, mentoring/coaching activity, self-paced and instructor-led training, and exposure to senior leaders.

Following successful completion of the program, TLP participants are placed into challenging roles in key positions throughout GCT, in core technical teams (application development), business analyst teams, and project management functions.

### **How to Apply**
