

**\$2,500 Capital One®
Diversity Scholarship**

START HERE.

Capital One Diversity Scholarships are highly competitive awards granted to exceptional students pursuing coursework leading to a major in science, technology, engineering, economics, or mathematics.

diversity works here™

capitalone-campus.com

At Capital One, we provide an inclusive environment that values diversity—where the best people want to work, where opportunities to develop are widely available, where innovation and an entrepreneurial spirit are valued, and where associates are encouraged to pursue their professional and personal goals.

Our recruiting efforts focus on seeking out the best, most-qualified talent from across the demographic spectrum. As part of our strategy, we want to build strong, solid, local partnerships with key organizations and associations that support students' educational experiences. Capital One's intent is to support a student's educational goals and create opportunities for great talent to become a part of our company.

Capital One Scholarships are highly competitive awards granted to exceptional students pursuing coursework leading to a major in science, technology, engineering, economics, or mathematics.

Program goals include:

- Award top-performing college sophomores with financial support
- Attract the best diverse talent in the nation
- Engage future leaders through our annual Summit for Developing Leaders Program
- Provide students exposure to the wide array of career opportunities in the financial services industry

Preferred Qualifications

- Capital One Diversity Scholarships are open to African American, Asian, Hispanic, LGBT, and female students
- Currently enrolled as a sophomore at a school of focus for Capital One Campus Recruiting, a full list is available at capitalone-campus.com
- Demonstrated exceptional academic achievement, with a minimum cumulative grade point average of 3.4 (on a scale of 4.0)
- Engaged in pursuing coursework leading to a major in business, science, technology, engineering, economics, or mathematics
- Applicants must be U.S. citizens or legal permanent residents
