

Black Girls CODE is excited to host our first Atlanta workshop for 2013 on Saturday, February 16th, 2013 at the Georgia Tech Research Institute at 250 14th Street NW, and this time it's all about ROBOTS!

Join us for a fun and exciting workshop where girls will learn all about robots and how they communicate in an engaging atmosphere combining hands-on activities with Lego WeDo/NXT kits and Robot Simulators. They will then rotate to a second session which will be focused on interacting with more sophisticated robots and where they will learn real-world/business applications and uses for robotics.

This class intended for girls ages 7-17 and starts promptly at **10:00AM** Both lunch and snacks will be provided.

Space is limited so sign up soon to secure your spot!
