

FACEBOOK

# Above & Beyond CS (ABCS)

This fall, Facebook will virtually offer our ABCS coding interview workshop series to give you the opportunity to build community and bring you closer to your software engineering career goals.

## Inside the ABCS Program

### APPLIED PRACTICE

Master common data structures and algorithms covered in interviews.

### BEST PRACTICES

Practice “soft skills” that build your comfort and confidence over the phone or at the whiteboard.

### CURATED CHALLENGES

Access practice materials that will help you drive your own development as a CS student.

Want to hone your technical interview skills?

We believe in the potential of people when they come together.

APPLY NOW:  
[bit.ly/abcsfall2020](https://bit.ly/abcsfall2020)

We've prepared over 500 students – 77% have received internships or full-time roles in tech.

# Above & Beyond CS (ABCS)

## You're Just Getting Started

*\*Workshops are offered on Tuesdays and Wednesdays at 6:30 PM ET and 6:30 PM PT*

## Eligibility Requirements

- ✓ Anticipated graduation in 2022 or 2023
- ✓ Completed data structures or algorithms (or equivalent)
- ✓ Can commit to attending 8/10 workshops
- ✓ Can join weekly workshops virtually

## Thoughts from our Participants

I am grateful to ABCS for dedicating time and resources to help me improve. I am more comfortable with myself; I feel confident as programmer and saw great improvement in my interviews!
